# THE HEADQUARTER

Our Headquarter is located in the center of our farms, where the beauty of nature meets human's passion. Here is where we decided to receive our clients and our guests, people that like us, love to be inspired, live and share experiences.

The spaces created can be the perfect location for events and business meetings.

## THE AGING CELLAR

The cellar is located at the base of the building and is considered as the company's heart. In fact, it houses more than 600 casks between big barrels, tonneaux and barriques. The temperature and the humidity are kept constant in order to ensure the perfect environment where to age our wines.

A tasting corner has been designed at the entrance, an exclusive place where to taste our wines.

## THE TASTING ROOM

Warm and elegant style, simple lines, natural materials and a breathtaking view. These are the characteristics of our tasting room, the perfect place to live a real tasting experience.

The room is equipped with the latest generation audio-video system and wifi. It can be used as a meeting room as well, with a maximum capacity of 50 people.

## THE TASTING ROOM

At the same time, thanks to the presence of a professional kitchen, it can be transformed into a space where to taste the best food-combinations paired with our wines. Adding value to these special moments, the chance to experience a tasting led by a Food and Wine Master AIES.

Therefore, this space is the perfect location to organise professional meetings in name of pleasure, incentive activities and team buildings.

## WINE SHOP

This is the place where to feel welcome, no just customers. The Wine Shop offers the opportunity to taste the entire products' range and to learn all about our wines.

A tasting corner completes the setting, while the central counter is ideal for a coffee break or light standing buffet lunch.

## TERRACE

Overlooking the city of Bologna and surrounded by vineyards, the panoramic terrace is the perfect location for hosting corporate events in spring and summer.

An exclusive and private environment, located on the hills of Castel San Pietro Terme, which can accommodate up to a maximum of 100 people. Encircled by greenery, it offers a unique view, where you can enjoy an aperitif at sunset or a wine tasting led by our sommeliers.
